MERN Intern – Inhouse 2025

- Built a full-stack **Job Portal Management System** using MongoDB, Express.js, React.js, and Node.js during hands-on training.
- Implemented JWT authentication, role-based access control, job posting & application tracking, REST APIs, and an admin dashboard for managing recruiters and candidates.

PROJECTS

1) Job Portal Management System 2026

Tech Stack - MERN Stack, JWT Authentication, MongoDB, React Hooks.

- Built a full-stack job portal application enabling recruiters to post jobs and candidates to apply through a secure web platform.
- Designed REST APIs, role-based access control, application tracking, and recruiter dashboards for efficient hiring management.

2) College Event Management System 2025

Tech Stack - React.js, Tailwind CSS, JavaScript, useContext, localStorage

- Developed a full-stack event management platform for organizing college events, registrations, and participant management.
- Implemented secure authentication, event scheduling, capacity tracking, REST APIs, and admin controls for seamless event operations.

3) Learning Management System (LMS) 2025

Tech Stack - MERN Stack, MongoDB, React.js, Node.js, JWT Authentication

- Built a full-stack learning platform allowing students to enroll in courses, access learning materials, and monitor progress.
- Developed REST APIs, course management modules, role-based dashboards, and progress tracking features with secure authentication.

CODING PROFILES

LeetCode	- Solved 150+ problems	Ranking - 356,854
SkillRack	- Solved 600+ problems	Ranking - 77421
Codechef	- Solved 50+ problems	Bronze Badge

CERTIFICATIONS

C for Beginners	Great Learning	2024
C Programming Course (Hands-On)	Skill Rack	2024
GFG 160-160 days Days of Problem Solving	Geeks for Geeks	2025
C++ Training Completion	IIT Bombay	2025

ACHIEVEMENTS

Solved **800+ Data Structures & Algorithms problems** across coding platforms.
Completed a **Full Stack Web Development Internship** and developed real-world MERN applications. 2026
